**JAMES B. LAGUNDA**

JAMES BURCAG LAGUNDA is a 3rd year student from University of the East – Manila who is currently taking Bachelor of Science in Computer Engineering. Apparently James is a pet lover as seen on the picture. He loves his dog just as much as he loves to study. He believes in his self that he can take on problems.

He took this course not only because he loves to use computer, but because the beginning of the technological era is already starting and it is wise to let yourself be involve in such advancements. James believes that in God's name, He will be a successful engineer in the near future.
